## Teaching Children to Investigate Their Own Learning

The *Learning Detectives Summer Training Academy* is a unique summer adventure appropriate for all children, but specifically designed for children with academic and behavioral concerns entering Kindergarten through 5<sup>th</sup> grade. *The Academy* transforms young learners into actual detectives, teaching them to investigate their own academic and behavioral skills while learning proven strategies to help them get the most out of the learning environments that they find intimidating, difficult, and frightening.

**2 Months:**

Amount of  
knowledge most  
students *lose* over  
summer break.  
-Cooper, 1996

Of the nearly 300 educational summer programs available for children, the Academy is the only full-day summer program of its kind in the Phoenix metro area. Our program offers reliability and consistency through:

- ♦ Child-centered programming
- ♦ 100+ years of faculty experience
- ♦ Eight-week program duration
- ♦ Hands-on “gamification” of learning
- ♦ No worksheets allowed
- ♦ Movement is valued

## Daily Curriculum Includes:

- ♦ Letter Trails- Phonics & phonemic awareness in motion
- ♦ Story Detectives- Reading comprehension, reading practice
- ♦ Number Detectives- Math facts, problem solving
- ♦ Forensics- Science, cooking, crafting, and projects
- ♦ Adventures with Super Flex- Social & emotional lessons
- ♦ School Survival- Lessons that reveal strategies for school success
- ♦ Witness Reports- Writing opportunities, activities, and games
- ♦ Typing Tactics- Home row (full hands) typing, games
- ♦ Fun Zone- Daily incentive/reward for a job well done

**Prevent Summer Learning Loss!**
